

IMPORTANT CHILD TAX CREDIT INFORMATION

From July through December 2021, you will receive an advance of your Child Tax Credit. In 2022 when we file your 2021 return, we will calculate your Child Tax Credit. If your advance is more than the amount that you qualify for, you WILL be required to pay it back.

Additionally, if you are accustomed to receiving a refund of your Child Tax Credit your refund will be less or you may even owe. It is our advice to opt out of this advance via the portal that the IRS says is coming soon. Please check back on our website or our Facebook page for updates.
