Peer Review Report

Lyons and Lyons CPAs performs audits in accordance with Government Auditing Standards. As those standards require, we make our most recent peer review report publicly available.

Our most recent peer review was performed by Holland & Reilly Certified Public Accountants under the AICPA Peer Review Program, administered by the Florida Institute of Certified Public Accountants. The review covered the year ended May 31, 2023, and the report is dated November 23, 2023. Lyons and Lyons CPAs received a rating of pass.

About peer review ratings.

Firms may receive a rating of pass, pass with deficiencies, or fail. A rating of pass means the reviewer concluded that the firm's system of quality control was suitably designed and complied with, providing the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. A rating of pass with deficiencies or fail means the reviewer identified one or more deficiencies, which are described in the report.

Our next peer review, covering the year ended May 31, 2026, is in progress and will be performed against our system of quality management, which we designed and implemented under Statement on Quality Management Standards No. 1 by December 15, 2025. We will post that report on this page within 30 days after we receive it.

Report on Our System of Quality Management.

Our Report on Our System of Quality Management as of October 25, 2026 is also available on this page.
