### MSI Global Alliance admits four new member firms

MSI Global Alliance, a leading international association of legal and accounting firms, is pleased to announce that it has added four new member firms to its international membership as of 1 January 2016.

MSI's presence across Germany will be strengthened by the addition of multi-disciplinary firm **Fürst & Partner GmbH** with offices in Northern Bavaria (Nuremberg, Erlangen, Georgensgmünd, Rothenburg o.d.T) and Thuringia (Gera). Established in 1953, the firm's 120 employee-strong team covers all aspects of tax consulting, financial auditing, legal advice and management consulting.

Further joining MSI is **Bloomfield Law Practice**, a full service law firm based in Lagos State, Nigeria. The firm, with a total of 12 staff, provides specialised legal advisory services to both local and multi-national clients across a wide range of practice areas including corporate, corporate Immigration, labour and employment law, litigation and alternative dispute resolution, real estate & construction, intellectual property, energy & natural resources, shipping & aviation and taxation.

The addition of Florida based accountancy firm **Mendez Rothbard Moleri & Co** further expands MSI's footprint in the USA. The firm, with offices in Miami and Fort Lauderdale, provides tax, accounting and transaction services to large businesses and SME's, high-net-worth individuals and entrepreneurs. The 24-employee firm has deep expertise in helping international clients structure their investments in U.S. based businesses and real estate.

Also joining MSI is **Rahayu Partnership** based in Kuala Lumpur, Malaysia. The law firm, with a strong background in shipping, admiralty and insurance law, provides a full spectrum of legal services including commercial dispute resolution, corporate and legal advisory, litigation, trademarks, mergers and acquisition to national and international clients.

Tim Wilson, chief executive of MSI Global Alliance, comments, "It is good to have a mix of legal, accounting and multidisciplinary firms joining MSI at the start of 2016. These new firms increase our presence in four key economic centres on four different continents and, as such, I know they will contribute greatly to MSI and gain from membership themselves. I look forward to working with them over the coming years."
