

Senior Tax Accountant/Manager

We are looking for someone with at least 5 years of solid tax experience dealing with individual, corporation, partnership and fiduciary returns. Candidate should have experience both preparing and reviewing returns prepared by others.

At the moment we are looking for someone who can give us 3-4 days per week during tax season (possibly more on occasion) and 2-3 days per week during the rest of the year. We are growing at a good clip and time requirements may expand.

This situation may work for someone who has a small practice of their own and is looking to supplement it. We are looking for a long relationship, not just for this tax season.

We provide a comfortable and informal working environment. Looking to add someone to our team for our growing practice. We can be flexible on your working schedule, but time spent working must be in our office, not working remotely.

Candidate must have an outgoing personality with great communication skills, be an efficient worker, a self-starter with a good sense of humor and able to work with limited supervision.
